Disclaimer

Innovative Practices Report

This report is the initial phase of a multi-phase project. This phase focused on identification of current practices in the Army, Navy, Air Force, Marine Corps, and Coast Guard. As such, Phase I did not include a formal review process, but instead asked for submissions from each of the aforementioned services. The result is a compilation of current, innovative injury prevention programs and initiatives. It is hoped the readers will extrapolate from this report the information that may be applicable to the needs of their own community.

The views, opinions and/or findings contained in this report are those of the authors and should not be construed as an official Department of the Defense position, policy, or decision.

Recommended Action

February 2000

- IOIPC Committee Approval: 10/99 Innovative Practices
